QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

Why is the Annual Meeting a virtual meeting this year?

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

Can I change my mind after I vote?

You may change your vote at any time before the polls close at the Annual Meeting. You may do this by:

- signing another proxy card with a later date and returning it to us for receipt prior to the Annual Meeting;
- voting again through the Internet or by telephone prior to 11:59 p.m. Beijing/Hong Kong time / 11:59 a.m. U.S. Eastern time on May 7, 2020;

- giving written notice to the Corporate Secretary of the Company prior to the Annual Meeting; or

If you hold your shares in the name of a bank, broker or other nominee, your ability change your vote depends on their voting processes. Please follow the directions of your bank, broker or other nominee carefully.

Who will count the votes?

Representatives of Broadridge Financial Solutions will count the votes and will serve as the independent inspector of election.

What if I return my proxy card but do not provide voting instructions?

If you vote by proxy card, your shares will be voted as you instruct by the individuals named on the proxy card. If you sign and return a proxy card but do not specify how your

shares are to be voted, the persons named as proxies on the proxy card will vote your shares in accordance with the recommendations of the Board set forth on page 1.

What does it mean if I receive more than one Notice or proxy card?

If you received more than one Notice or proxy card, it means that you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our

transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is American Stock Transfer and Trust Company, LLC, which may be reached at 1 (888) 439-4986.

Will my shares be voted if I do not provide my proxy?

Your shares may be voted on certain matters if they are held in the name of a brokerage firm, even if you do not provide the brokerage firm with voting instructions. Brokerage firms have the authority under the New York

Stock Exchange (“*NYSE*”) rules to vote shares for which their customers do not provide voting instructions on certain “routine” matters.

The proposal to ratify the appointment of KPMG Huazhen LLP as our independent auditor for 2020 is considered a routine matter for which brokerage firms may vote shares for which they have not received voting instructions. The other matters to be voted on at our Annual Meeting are not considered “routine” under applicable

rules. When a matter is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that matter, the brokerage firm cannot vote the shares on that proposal. This is called a “broker non-vote.”

How many votes must be present to hold the Annual Meeting?

Your shares are counted as present at the Annual Meeting if you attend the Annual Meeting via webcast using your 16-digit control number or if you properly submit a proxy by Internet, telephone or mail. In order for us to conduct our Annual Meeting, a majority of the shares of Company

common stock outstanding as of March 17, 2020 must be present via webcast or represented by proxy at the Annual Meeting. This is referred to as a “quorum.” Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the Annual Meeting.

How many votes are needed to elect directors?

You may vote “FOR” each nominee or “AGAINST” each nominee, or “ABSTAIN” from voting on one or more nominees. Unless you mark “AGAINST” or “ABSTAIN” with respect to a particular nominee or nominees or for all nominees, your proxy will be voted “FOR” each of the director nominees named in this proxy statement. In an uncontested election, a nominee will be elected as a director if the number of “FOR” votes

exceeds 50% of the number of votes cast with respect to that director’s election. Abstentions will be counted as present but not voted. Abstentions and broker non-votes will not affect the outcome of the election of directors. Full details of the Company’s majority voting policy are set out in our Corporate Governance Principles and are described under “Governance of the Company—Majority Voting Policy.”

How many votes are needed to approve the other proposals?

Proposals 2 and 3 must receive the “FOR” vote of a majority of the shares, present via webcast or represented by proxy, and entitled to vote at the Annual Meeting. For each of these proposals, you may vote “FOR,” “AGAINST” or “ABSTAIN.” Abstentions will be counted as shares present and entitled to vote at the

Annual Meeting. Accordingly, abstentions will have the same effect as a vote “AGAINST” Proposals 2 and 3. Broker non-votes will not be counted as shares present and entitled to vote with respect to the particular matter on which the broker has not voted. Thus, broker non-votes will not affect the outcome of either of these proposals.

When will the Company announce the voting results?

The Company will announce the voting results of the Annual Meeting on a Current Report on Form 8-K filed

with the SEC within four business days of the Annual Meeting.

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

What if other matters are presented for consideration at the Annual Meeting?

The Company knows of no other matters to be submitted to the stockholders at the Annual Meeting, other than the proposals referred to in this proxy statement. If any other matters properly come before the stockholders at the

Annual Meeting, it is the intention of the persons named on the proxy to vote the shares represented thereby on such matters in accordance with their best judgment.

GOVERNANCE OF THE COMPANY

What is the composition of the Board of Directors and how often are members elected?

Our Board of Directors presently consists of 12 directors, 11 of whom are standing for re-election at the Annual Meeting for a one-year term. As discussed in more detail

later in this section, the Board has determined that ten of those directors are independent under the rules of the NYSE.

How often did the Board meet in 2019?

Directors are expected, absent extraordinary circumstances, to attend all Board meetings and meetings of committees on which they serve. Our Board met 7 times and the committees collectively met 29 times during 2019. In 2019, overall attendance at Board and committee meetings was 95% and all directors attended at least 75%

of the aggregate total of meetings of the Board and committees on which the director served. Our independent directors meet privately in executive session without management present at each regularly scheduled Board meeting. Our independent Chairman leads these Board executive sessions.

What is the Board's policy regarding director attendance at the Annual Meeting?

All directors are encouraged to attend the Annual Meeting. All incumbent directors attended the 2019 annual meeting of the Company's stockholders.

How are director nominees selected?

The Nominating and Governance Committee is responsible for recommending director candidates to the full Board for nomination and election at the annual meetings of stockholders. The Nominating and Governance Committee will interview a director candidate before the candidate is submitted to the full Board for approval. The Nominating and Governance Committee's charter provides that it may retain a third-party search firm to identify candidates from time to time. The Nominating and Governance Committee will also consider director candidates recommended by stockholders or other sources in the same manner as nominees identified by the Committee. For a stockholder to submit a candidate for consideration by the Nominating and Governance Committee, a stockholder must notify the Company's Corporate Secretary by mail at Yum China Holdings, Inc., 7100 Corporate Drive,

Plano, Texas 75024 or at Yum China Holdings, Inc., Yum China Building, 20 Tian Yao Qiao Road, Shanghai 200030, People's Republic of China.

In accordance with the Corporate Governance Principles, our Board seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. Directors should have experience in positions with a high degree of responsibility and be leaders in the companies or institutions with which they are affiliated, and are selected based upon contributions they can make to the Board and management. The Nominating and Governance Committee seeks to complete customary vetting procedures and background checks with respect to individuals suggested for potential Board membership by

stockholders of the Company or other sources. We believe that each of our directors and director nominees has met the guidelines set forth in the Corporate Governance Principles.

The Company is party to a shareholders agreement with Primavera Capital Group (“*Primavera*”), and API (Hong Kong) Investment Limited, an affiliate of Zhejiang Ant

GOVERNANCE OF THE COMPANY

What is the Board's leadership structure?

Our Board is currently led by an independent Chairman, Dr. Fred Hu. Our Board believes that Board independence and oversight of management are effectively maintained through a strong independent Chairman and through the Board's composition, committee system and policy of having regular executive sessions of non-management directors, all of which are discussed below this section. Further, separating the Chairman and Chief Executive Officer roles enables the Chairman to focus on corporate governance matters and the Chief Executive Officer to

focus on the Company's business. We find that this structure works well to foster an open dialogue and constructive feedback among the independent directors and management. It further allows the Board to effectively represent the best interests of all stockholders and contribute to the Company's long-term success.

To promote effective independent oversight, the Board has adopted a number of governance practices discussed below.

What are the Company's governance policies and ethical guidelines?

- **Board Committee Charters.** The Audit Committee, Compensation Committee, Nominating and Governance Committee and Food Safety Committee of the Board of Directors operate pursuant to their respective written charters. These charters were approved by the Board of Directors and are reviewed annually by the respective committees. Each charter is available on the Company's website at ir.yumchina.com.
- **Governance Principles.** The Board of Directors has adopted Corporate Governance Principles, which are intended to embody the governance principles and procedures by which the Board functions. These principles are available on the Company's website at ir.yumchina.com.
- **Ethical Guidelines.** Yum China's Code of Conduct was adopted to emphasize the Company's commitment to the highest standards of business conduct. The Code

of Conduct also sets forth information and procedures for employees to report ethical or accounting concerns, misconduct or violations of the Code of Conduct in a confidential manner. The Code of Conduct applies to all directors and employees of the Company, including the principal executive officer, the principal financial officer and the principal accounting officer. All employees of the Company are required, on an annual basis, to complete the Yum China Code of Conduct Questionnaire and certify in writing that they have read and understand the Code of Conduct. The Code of Conduct is available on the Company's website at ir.yumchina.com. The Company intends to post amendments to or waivers from the Code of Conduct (to the extent applicable to directors or executive officers and required by the rules of the SEC or NYSE) on this website.

What other significant Board governance practices does the Company have?

- **Annual Election of Directors.** In accordance with our Amended and Restated Certificate of Incorporation, our directors are elected to serve a one-year term and until their successors are elected and qualified or until their earlier death, resignation or removal.
 - **Role of Lead Director.** Our Corporate Governance Principles require the independent directors to appoint a Lead Director when the Chairman does not qualify as independent in accordance with the applicable rules of the NYSE. The Company currently does not have a Lead Director because the Chairman of the Board is independent.
 - **Executive Sessions.** Our independent and non-management directors meet regularly in executive session. The executive sessions are attended only by the independent and non-management directors and are presided over by the independent Chairman. Our independent directors also meet in executive session at least once per year.
 - **Board and Committee Evaluations.** The Board recognizes that a thorough, constructive evaluation process enhances our Board's effectiveness and is an essential element of good corporate governance. Each year, the Nominating and Governance Committee oversees the design and implementation of the evaluation process, focused on the Board's contribution to the Company and on areas in which the Board believes a better contribution could be made. In addition, each of the Audit Committee, the Compensation Committee, the Nominating and Governance Committee and the Food Safety Committee also conducts a similar annual self-evaluation pursuant to their respective charters. Written questionnaires completed by each director, as well as discussions with selected directors, solicit feedback on a wide range of issues, including Board/committee composition and leadership, meetings, responsibilities and overall effectiveness. A summary of the Board and committee evaluation results is discussed with the Board and with the respective committees, and policies
- and practices are updated in response to the evaluation results. Director suggestions for improvements to evaluation questionnaires and processes are considered for incorporation for the following year.
- **Retirement Policy.** Pursuant to our Corporate Governance Principles, independent or non-management directors may not stand for re-election to the Board after they have reached the age of 75, unless the Board unanimously elects to have the director stand for re-election.
 - **Limits on Director Service on Other Public Company Boards.** Our Corporate Governance Principles provide that directors may serve on no more than four other public company boards. The Company's Chief Executive Officer, if a director, may serve on no more than two other public company boards. All directors are expected to advise the Chairman and the Chair of the Nominating and Governance Committee prior to accepting any other public company directorship or any assignment to the audit committee or compensation committee of other public company boards.
 - **Majority Voting Policy.** Our amended and restated bylaws require majority voting for the election of directors in uncontested elections. This means that director nominees in an uncontested election for directors must receive a number of votes "FOR" their election in excess of 50% of the number of votes cast with respect to that director's election. The Corporate Governance Principles further provide that any incumbent director who does not receive a majority of "FOR" votes will promptly tender to the Board his or her resignation from the Board. The resignation will specify that it is effective upon the Board's acceptance of the resignation. The Board will, through a process managed by the Nominating and Governance Committee and excluding the nominee in question, accept or reject the resignation and publicly disclose the Board's decision regarding the resignation and the rationale behind the decision within 90 days from the date of the certification of the election results.

- **Access to Management and Employees.** Our directors have complete and open access to senior members of management. Our Chief Executive Officer invites key employees of the Company to attend Board sessions at which the Chief Executive Officer believes they can meaningfully contribute to Board discussion.
- **Access to Outside Advisors.** The Board and Board committees have the right to consult and retain independent legal and other advisors at the expense of the Company. The Audit Committee has the sole authority

to appoint, determine funding for and replace the independent auditor. The Compensation Committee has the sole authority to retain any advisor to assist it in the performance of its duties, after taking into consideration all factors relevant to the advisor's independence from management. The Nominating and Governance Committee has the sole authority to retain search firms to be used to identify director candidates. The Food Safety Committee has the authority to consult and retain any advisor to assist it in connection with the exercise of its responsibilities and authority.

What is the Board's role in risk oversight?

The Board maintains overall responsibility for overseeing the Company's risk management framework. In furtherance of its responsibility, the Board has delegated specific risk-related responsibilities to the Audit Committee, the Compensation Committee and the Food Safety Committee.

Audit Committee

The Audit Committee engages in substantive discussions with management regarding the Company's major risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. Our Head of Corporate Audit reports directly to the Audit Committee, as well as our Chief Financial Officer. The Audit Committee also receives reports at each committee meeting regarding legal and regulatory risks from management and meets periodically in separate executive sessions with our independent auditor and our Head of Corporate Audit. The Chief Legal Officer reports regularly to the Audit Committee on the Company's key risk areas and compliance programs. The Audit Committee periodically provides a summary to the full Board of the risk areas reviewed together with any other risk-related subjects discussed at the Audit Committee meeting. Alternatively, the

Board may review and discuss directly with management the major risks arising from the Company's business and operations.

Compensation Committee

The Compensation Committee considers the risks that may be implicated by our compensation programs through a risk assessment conducted by management and reports its conclusions to the full Board. This oversight helps ensure the Company's compensation programs align with the Company's goals and compensation philosophies and, along with other factors, operate to mitigate against the risk that such programs would encourage excessive or inappropriate risk-taking.

Food Safety Committee

The Food Safety Committee assists the Board in its oversight of the Company's practices, programs, procedures and initiatives relating to food safety. The Food Safety Committee also monitors trends, issues and concerns affecting the Company's food safety practices, and the risks arising therefrom, in light of the Company's overall efforts related to food safety.

How does the Board oversee food safety risk?

The Board and the Food Safety Committee are involved in oversight of the Company's food safety risk. The Food Safety Committee assists the Board in the oversight of food safety risk and regularly receives reports from management in connection with the Company's practices, procedures, strategies and initiatives relating to food safety and the risks arising therefrom. The Board and

the Food Safety Committee also monitor and evaluate significant changes in regulatory requirements on food safety, material food safety incidents that could potentially affect the Company, as well as any severe public health situations, including the COVID-19 outbreak, that could adversely affect the Company's business and operations.

How does the Board oversee cybersecurity risk?

The Board and the Audit Committee are involved in oversight of the Company's cybersecurity risk. The Audit Committee assists the Board in the oversight of cybersecurity and other technology risks, discusses with management cybersecurity risk mitigation and incident management, and reviews management reports regarding the Company's cybersecurity governance processes, inci-

dent response system and applicable cybersecurity laws, regulations and standards, status of projects to strengthen internal cybersecurity, the evolving threat environment, vulnerability assessments, specific cybersecurity incidents and management's efforts to monitor, detect and prevent cybersecurity threats.

What is the Board's role in management development and succession planning?

The Board considers management development and succession planning to be a critical part of our Company's long-term strategy. In accordance with our Corporate Governance Principles, the Board reviews the Company's succession planning, including succession planning in the case of retirement of the Chief Executive Officer of the Company. The Chief Executive Officer periodically reports to the Board with regard to his or her recommen-

dations for potential successors to senior executive positions and development plans for such individuals. In addition, the Board reviews recommendations from an independent committee with regard to the performance evaluation of the Chief Executive Officer, which the committee conducts annually, in accordance with its charter.

How does the Board determine which directors are considered independent?

The Company's Corporate Governance Principles, adopted by the Board, require that a majority of the directors qualify as independent in accordance with the appli-

cable rules of the NYSE. The Board determines on an annual basis whether each director qualifies as independent pursuant to the applicable rules of the NYSE.

GOVERNANCE OF THE COMPANY

Pursuant to the Corporate Governance Principles, the Board undertook its annual review of director independence. During this review, the Board considered transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries and affiliates. As provided in the Corporate Governance Principles, the purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

As a result of the review, the Board affirmatively determined that all of the directors and director nominees are independent of the Company and its management under NYSE rules, with the exception of Micky Pant and

Joey Wat. Mr. Pant, who is not standing for re-election at the Annual Meeting, is not considered an independent director because he formerly served as Senior Advisor to the Company and as Chief Executive Officer of the Company. Ms. Wat is not considered an independent director because she is the current Chief Executive Officer of the Company.

In reaching this conclusion, the Board determined that Dr. Hu, Messrs. Bassi, Campbell, Chan, Ettegui, Han, Hsieh, Shao and Wang and Ms. Lu had no material relationship with the Company other than their relationship as a director. In addition, the Board previously determined that Mr. Jonathan Linen, who served as a director during 2019, was an independent director.

How do stockholders communicate with the Board?

Stockholders or other parties who wish to communicate directly with the non-management directors, individually or as a group, or the entire Board may do so by writing to the Nominating and Governance Committee, c/o the Corporate Secretary, Yum China Holdings, Inc., 7100 Corporate Drive, Plano, Texas, 75024. The Nominating and Governance Committee of the Board has approved a process for handling correspondence received by the Company and addressed to non-management members of the Board or the entire Board. Under that process, the Corporate Secretary of the Company reviews all such correspondence and regularly forwards to a designated member of the Nominating and Governance Committee copies of all such correspondence (except commercial

correspondence and correspondence that is duplicative in nature) and a summary of all such correspondence. Directors may at any time review a log of all correspondence received by the Company that is addressed to members of the Board and request copies of any such correspondence. Written correspondence from stockholders relating to accounting, internal controls or auditing matters are brought to the attention of the Chairperson of the Audit Committee and to the internal audit department and are handled in accordance with procedures established by the Audit Committee with respect to such matters (described below). Correspondence from stockholders relating to Compensation Committee matters are referred to the Chairperson of the Compensation Committee.

How do the Board and management engage with stockholders?

Our Board and management are committed to regular engagement with our stockholders. In 2019, we reached out to our top 25 stockholders and other selected stockholders, which comprise holders of more than 50% of the outstanding shares of Company common stock, in order to solicit their input on important governance, executive compensation, sustainability and other matters. For more information on stockholder engagement regarding compensation for executive officers, please see “Executive

Additionally, our senior management team, including our Chief Executive Officer and Chief Financial Officer, regularly engage in meaningful dialogue with our stockholders, including through our quarterly earnings calls and investor conferences and meetings. Our senior management team regularly reports to our Board and, as applicable, committees of our Board, regarding stockholder views.

We evaluate and respond to the views voiced by our stockholders. As a result of our stockholder engagement process in recent years, we have expanded our disclosures on the

Board's role in risk oversight and further development of our compensation program in this proxy statement.

What are the Company's policies on reporting of concerns regarding accounting and auditing matters?

The Audit Committee has established policies on reporting concerns regarding accounting and auditing matters in addition to our policy on communicating with our non-management directors. GOVERNANCE OF THE COMPANY

What are the Company's policies and procedures with respect to related person transactions?

Under the Company's Related Person Transaction Policies and Procedures, the Audit Committee reviews the material facts of all related person transactions that require the Audit Committee's approval and either approves or disapproves of the entry into the related person transaction. In determining whether to approve or ratify a related person transaction, the Audit Committee will determine whether such transaction is in, or not opposed to, the best interest of the Company and will take into account, among other factors it deems appropriate, whether such transaction is on terms no less favorable to the Company than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person's interest in the transaction. Transactions, arrangements or relationships or any series of similar transactions, arrangements or relationships in which (i) a related person has or will have a direct or indirect material interest, (ii) the Company is a participant and (iii) that exceed \$120,000 in any calendar year are subject to the Audit Committee's review. Any director who is a related person with respect to a transaction under review may not participate in any discussion or approval of the transaction, except that the director will provide all material information concerning the transaction to the Audit Committee.

Related persons are directors, director nominees, executive officers, beneficial owners of 5% or more of the outstanding shares of Company common stock and their immediate family members. An immediate family member includes a person's children, stepchildren, parents, stepparents, spouse, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone sharing such person's household (other than a tenant or employee).

After its review, the Audit Committee may approve or ratify the transaction. The policies and procedures provide that certain transactions are deemed to be pre-approved even if they will exceed \$120,000. These transactions include employment of executive officers, director compensation and transactions with other companies if the aggregate amount of the transaction does not exceed the greater of \$1 million or 2% of that company's total consolidated gross revenues and the related person is not an executive officer of the other company.

There were no transactions considered to be a related person transaction from January 1, 2019 through the date of this proxy statement.

Does the Company require stock ownership by directors?

The Board believes that the number of shares of Company common stock owned by each director is a personal decision. However, the Board strongly supports the position that directors should own a meaningful number of shares of Company common stock and expects that a director will not sell any shares received as director compensation until at least 12 months following the director's retirement or departure from the Board.

The Company's non-employee directors receive a significant portion of their annual compensation in shares of Company common stock. The Company believes that the emphasis on the equity component of director compensation serves to further align the interests of directors with those of our stockholders.

Does the Company require stock ownership by executive officers?

The Board has adopted Stock Ownership Guidelines, which require executive officers to own a substantial amount of Company common stock in order to promote an ownership mentality among management and align

their interests with those of stockholders. See “Executive Compensation—Compensation Policies and Practices—Stock Ownership Guidelines” for more information.

How many shares of Company common stock do the directors and executive officers own?

Stock ownership information for our directors and executive officers is shown under “Stock Ownership Information.”

Does the Company have a policy on hedging or other speculative trading in Company common stock?

Directors, executive officers and certain other designated employees are prohibited from speculative trading in Company common stock, including trading in puts, calls or other hedging or monetization transactions.

How are directors compensated?

Employee directors do not receive additional compensation for serving on the Board of Directors. The annual compensation for each director who is not an employee of the Company is discussed under “2019 Director Compensation.”

MATTERS REQUIRING STOCKHOLDER ACTION

ITEM 2. Ratification of Independent Auditor

What am I voting on?

We are asking stockholders to approve a proposal to ratify the appointment of KPMG Huazhen LLP (“**KPMG**”) as our independent auditor for 2020. KPMG has served as our independent auditor since 2016.

As part of its audit engagement process, the Audit Committee considers on at least an annual basis the engagement of the independent auditor. In deciding to engage KPMG as the independent auditor for 2020, the Audit Committee considered:

- KPMG’s performance in 2019;
- KPMG’s independence;
- The depth and expertise of the KPMG’s audit team, including its understanding of the Company’s industry, business, operations and systems, as well as accounting policies and processes;
- The appropriateness of KPMG’s fees;
- A consideration of KPMG’s known legal risks and significant proceedings that may impair its ability to perform the audit; and
- KPMG’s tenure as the Company’s independent auditor.

KPMG rotates its lead audit engagement partner every five years. The Audit Committee is directly involved in the evaluation of the lead audit engagement partner to ensure that the he or she is appropriately qualified to lead the Company’s audit. After considering the criteria set forth above, the Audit Committee believes that retaining KPMG as the Company’s independent auditor is in the best interests of the Company and its stockholders.

Will a representative of KPMG attend the Annual Meeting?

Representatives of KPMG will attend the Annual Meeting, will have the opportunity to make a statement if they

desire and will be available to respond to appropriate questions from stockholders.

What vote is required to approve this proposal?

Approval of this proposal requires the affirmative vote of a majority of the shares present via webcast or represented by proxy and entitled to vote at the Annual Meeting.

*The Audit Committee and the Board of Directors recommend that you vote **FOR** approval of this proposal.*

What were KPMG’s fees for audit and other services for 2019 and 2018?

The following table presents fees for professional services rendered by KPMG for the audit of the Company’s annual financial statements, and fees billed for audit-related services, tax services and all other services rendered by KPMG for 2019 and 2018. All KPMG services for 2019 and 2018 were approved in advance by the Audit Committee specifically or pursuant to procedures outlined below.

	2019	2018
Audit fees ⁽¹⁾	\$ 2,613,403	\$ 2,973,606
Audit-related fees ⁽²⁾	12,237	11,446
Tax fees ⁽³⁾	25,905	22,766
All other fees	—	—
TOTAL FEES	\$ 2,651,545	\$ 3,007,818

- (1) Audit fees include fees for the audit of the annual consolidated financial statements included in the Company’s annual reports, reviews of the interim condensed consolidated financial statements included in the Company’s quarterly reports, and services related to statutory filings or engagements.
- (2) Audit-related fees include audits of financial statements of certain employee benefit plans, agreed-upon procedures and other attestations.
- (3) Tax fees consist principally of fees for tax filing assistance services.

What is the Company's policy regarding the approval of audit and non-audit services?

The Audit Committee has implemented a policy for the pre-approval of all audit and permitted non-audit services, including tax services, proposed to be provided to the Company by its independent auditor. Under the policy, the Audit Committee may approve engagements on a case-by-case basis or pre-approve engagements on a categorical basis pursuant to the Audit Committee's pre-approval policy. The Audit Committee may delegate pre-approval authority to one of its independent members and has currently delegated pre-approval authority up to certain amounts to its Chairperson.

In considering pre-approvals, the Audit Committee considers the nature, scope and fees of the service to be provided to the Company as well as the principles and guidance established by the SEC and the Public Company Accounting Oversight Board ("PCAOB") with respect to

auditor independence. Services as to which a general pre-approval has been granted on an annual basis are effective for the applicable year. Any proposed service for which the estimated fees would cause the total fees for that class of service to exceed the applicable estimated fee threshold requires specific approval by the Audit Committee or its delegate.

The Principal Accounting Officer monitors the performance of all services provided by the independent auditor and determines whether such services are in compliance with this policy. The Principal Accounting Officer reports periodically to the Audit Committee with respect to compliance with this policy and the status of outstanding engagements, including actual services provided by the independent auditor and associated fees, and must promptly report to the Chairperson of the Audit Committee any non-compliance (or attempted non-compliance) with this policy of which the Corporate Controller becomes aware.

ITEM 3. Advisory Vote on Named Executive Officer Compensation

What am I voting on?

In accordance with SEC rules, we are asking stockholders to approve, on a non-binding basis, the compensation of the Company's named executive officers as disclosed in this proxy statement. This non-binding advisory vote is also known as the "Say on Pay" vote. This is not a vote on the Company's general compensation policies or the compensation of the Board. At the 2019 annual meeting of the Company's stockholders, approximately 96% of the votes cast by our stockholders were voted in approval of the compensation of our named executive officers as disclosed in the 2019 proxy statement.

Our performance-based executive compensation program is designed to attract, reward and retain the talented leaders necessary for our Company to succeed in the highly competitive market for talent, while maximizing stockholder returns. This approach has made our management team a key driver in the Company's strong performance over both the long and short term. We believe that our compensation program has attracted and retained strong leaders, and is closely aligned with the interests of our stockholders.

In deciding how to vote on this proposal, we urge you to read the Compensation Discussion and Analysis section of this proxy statement, which discusses in detail how our compensation policies and procedures operate and are

designed to meet our compensation goals and how our Compensation Committee makes compensation decisions under our programs.

Accordingly, we ask our stockholders to vote in favor of the following resolution at the Annual Meeting:

"RESOLVED, that the compensation paid to the named executive officers, as disclosed in the Compensation Discussion and Analysis, the compensation tables and related materials included in the proxy statement, is hereby approved."

What vote is required to approve this proposal?

While this vote is advisory and non-binding on the Company, the Board of Directors and the Compensation Committee will review the voting results and consider stockholder concerns in their continuing evaluation of the Company's compensation program.

What is the recommendation of the Board of Directors?

The Board of Directors recommends that you vote FOR approval of this proposal.

Alignment of Executive Compensation Program with Business Performance

Attracting, motivating and retaining talented executives is critical to our success, and our executive compensation programs are designed to support this objective. The Company’s executive compensation program is structured to support the long-term sustainable growth of the Company and create value for stockholders by aligning our executives with business performance goals. As such, the Compensation Committee reviews and endorses performance goals that are deemed central to the Company’s business performance and stockholder value creation.

Specifically, the Compensation Committee has selected performance goals under the Company’s 2019 incentive programs that are based on operating profit, same store sales, new builds, customer satisfaction, and, in case of Ms. Wat’s performance stock units (“**PSUs**”), total shareholder return. These performance goals comprise an overall executive compensation program that the Compensation Committee believes appropriately reflects the Company’s emphasis on increasing profitability and revenue, enhancing customer experience and creating stockholder value.

The following chart provides an overview of the 2019 target total direct compensation program applicable to our CEO, consisting of base salary, annual performance-based cash incentives (i.e., short-term incentives, or “**STI**”), and long-term equity incentives (“**LTI**”). As demonstrated by the following chart, 2019 compensation for our CEO was heavily weighted toward variable pay elements, and such elements represented approximately 85% of the 2019 annual target compensation for Ms. Wat (consisting of the target payout opportunity under the cash bonus plan, target PSU grant and stock-settled stock appreciation rights and excluding all other compensation reported in the 2019 Summary Compensation Table).

Recent Compensation Highlights

As part of its ongoing review of the executive compensation program, and based on a review of market practices, input from the Compensation Committee’s compensation consultant and stockholder feedback, the Compensation

Committee recently implemented the following changes to the Company’s executive compensation program:

- **Granted Partner PSU Awards:** As further described below in the “2020 Special Long-Term Performance-Based Grants” section, on February 7, 2020, the

EXECUTIVE COMPENSATION

Compensation Committee granted a special award of performance stock units (“**Partner PSU Awards**”) to select employees of the Company and its subsidiaries who were deemed critical to the Company’s execution of its strategic operating plan, including each of the continuing NEOs. The Partner PSU Awards will vest only if threshold performance goals relating to stock price, growth in total revenues adjusted to exclude certain items for the purpose of Partner PSU Awards (“**Adjusted Total Revenue Growth**”), growth in EBITDA adjusted to exclude certain items for the purpose of Partner PSU Awards (“**Adjusted EBITDA Growth**”), and transformational objectives are achieved over a four-year performance period commencing on January 1, 2020 and ending on December 31, 2023. Based on performance, vesting may range from 0% to 200% of the target number of shares subject to the Partner PSU Awards. The Partner PSU Awards also include non-competition and non-solicitation restrictive covenants. The Partner PSU Awards were granted to (i) address increased competition from new retail platform companies in China as well as other startup companies and the existing pay gap, (ii) incentivize an entrepreneurial mindset and transformational performance that the Compensation Committee believes will contribute to business growth and exceptional shareholder value creation and (iii) facilitate long-term retention, which has become increasingly important in light of senior leadership changes over the past several years.

- **Expanded Recipients of Annual PSU Grants:** Since 2018, the CEO’s annual equity grant has been delivered in the form of equally weighted PSUs and SARs, while the Company’s other NEOs (other than Mr. Yeung) received an equal mix of SARs and time-based restricted stock units (“**RSUs**”). Beginning with the 2020 annual equity grants, the PSU program has been

expanded to include all executive officers, including each of the continuing NEOs, with a 2020 annual equity grant in the form of SARs and PSUs. As a result of this change, the entire portion of the annual equity grant is considered by the Compensation Committee to be performance-based as the PSUs will vest based only on the Company’s achievement of performance goals relating to Adjusted Total Revenue Growth and growth in diluted earnings per common share adjusted to exclude certain items for the purpose of Annual PSU Grants (“**Adjusted Diluted Earnings Per Common Share Growth**”), with a relative total shareholder return payout modifier against the MSCI China Index, and the SARs will realize value only to the extent the Company’s stock price increases from the date of grant.

- **Adopted Change in Control Severance Plan:** In September 2019, upon recommendation of the Compensation Committee, the Board adopted a Change in Control Severance Plan to provide severance benefits to certain key management employees, including each of the continuing NEOs, in the event of termination of employment by the Company without cause or by the NEO for good reason, in each case within 24 months following a change in control of the Company, under a ‘double trigger’ provision. The Change in Control Severance Plan was adopted after a review of market data and to facilitate the recruitment and retention of key management personnel. The Compensation Committee believes that benefits under the plan are reasonable and appropriate to protect the Company’s key management employees against circumstances over which they do not have control, and provides the Company with additional consideration for the NEO’s agreement to restrictive covenants relating to non-competition, non-solicitation, confidentiality and non-disparagement.

Pay Components

The Company's executive compensation program has three primary pay components: (i) base salary; (ii) annual performance-based cash bonuses (i.e., short-term incentives); and (iii) long-term equity awards. We believe that

these key elements are aligned with the Company's compensation philosophy and objectives, as illustrated in the following table.

Objective	Base Salary	Annual Performance-Based Cash Bonuses	Long-Term Equity Incentives
Attract and retain the right talent to achieve superior stockholder results — Competitive total reward program structure that enables pay to vary based on role, responsibility, experience, market value and future potential of talent in order to drive superior results year over year.	X	X	X
Reward performance — Motivate both short-term and long-term performance through annual and long-term equity programs. A majority of NEO annual target compensation is performance-based or variable and, therefore, at-risk.		X	X
Emphasize long-term value creation — The Company's belief is simple: if it creates long-term value for stockholders, then it shares a portion of that value with those responsible for the results. SARs, RSUs and PSUs focus on the long-term performance of the Company and directly align the interests of the recipients with those of the Company's stockholders.			X
Drive ownership mentality — We require executives to invest in the Company's success by owning a substantial amount of Company stock.			X

Stockholder Engagement

In its compensation review process, the Compensation Committee focuses on structuring the executive compensation program to serve the interests of our stockholders. In that respect, as part of its ongoing review of our executive compensation program, the Compensation Committee considered the approval by approximately 96% of the votes cast for the Company’s “say on pay” vote at our 2019 Annual Meeting of Stockholders. Although the Compensation Committee was pleased with this favorable outcome and interpreted this level of support as an endorsement by our stockholders of our executive com-

pensation program and policies, the Compensation Committee has nevertheless undertaken efforts to evaluate and further enhance our executive compensation program to continue improving its alignment with the creation of long-term value and the furtherance of our stockholders’ interests. For example, in 2020, the Compensation Committee granted the Partner PSU Awards to address increased competition and the existing competitive pay gap, motivate transformational performance aligned with the long-term interests of the Company’s stockholders, and encourage management retention over the four-year performance period.

The Compensation Committee values direct and constructive engagement with the Company's investors to facilitate a continuing open dialogue to exchange ideas with and respond to questions from investors on compensation matters. During 2019, the Company reached out to its 25 largest stockholders and other selected stockholders (which represented more than 50% of the Company's outstanding shares) to solicit feedback on a variety of corporate governance matters (including with respect to executive compensation), and the Company held discussions with all stockholders who accepted an invitation. Management shared this stockholder feedback with the Compensation Committee for its consideration in designing the Company's executive compensation program. Based on feedback received during the Company's stockholder engagement, the Compensation Committee approved the following changes to the Company's executive compensation program:

- *50% of Equity Compensation Delivered as PSUs*—Beginning with the 2020 annual PSU grants, the NEOs' equity awards will be delivered in the form of PSUs and SARs, each weighted 50%, with the PSUs vesting based on the achievement of pre-established

performance goals and the SARs only delivering value if the stock price appreciates from the grant date.

- *Expanded Use of PSUs*—Beginning in 2020, the Compensation Committee expanded the PSU program to include all continuing NEOs.
- *Expanded Performance Metrics Used under the LTI Program*—Beginning with the 2020 annual PSU grants, the Compensation Committee included three performance measures (Adjusted Total Revenue Growth, Adjusted Diluted Earnings Per Common Share Growth and relative TSR (as a performance modifier)) as compared to its prior practice of using only TSR to determine vesting levels.

The Compensation Committee continuously evaluates plan design and considers adjustments to the Company's compensation programs based on market and other considerations. The Compensation Committee is committed to serving the Company's stockholders and plans to continue to engage with and respond to feedback from stockholders as the Company moves forward.

Elements of the Executive Compensation Program

The Company's 2019 executive compensation program consists of three primary pay components: (i) base salary; (ii) annual performance-based cash bonuses (i.e., short-term incentives); and (iii) long-term equity awards. The following chart demonstrates that 2019 compensation for Ms. Wat, our CEO, and our other NEOs (excluding Mr. Yeung, Mr. Lo and Ms. Ng due to the 2019 management transitions) was heavily weighted toward variable pay elements. Such elements represented approximately 85% of the 2019 annual target compensation for Ms. Wat

(consisting of the target payout opportunity under the cash bonus plan, target PSU grant and SAR grant and excluding all other compensation reported in the 2019 Summary Compensation Table) and, on average, 66% of the 2019 annual target compensation for our other continuing NEOs other than Mr. Yeung (consisting of the target payout opportunity under the cash bonus plan, SAR grants and RSU grants and excluding all other compensation reported in the 2019 Summary Compensation Table).

EXECUTIVE COMPENSATION

Base Salary

The Company provides a fixed level of cash compensation to attract and retain high-caliber talent. Base salary in the form of cash compensates executives for their primary roles and responsibilities. An executive’s actual salary is dependent on factors such as the executive’s role (including the market value of the role), level of responsibility, experience, individual performance and future potential.

The Compensation Committee annually reviews salary levels of the Company’s executive officers.

Annual Performance-Based Cash Bonuses

The principal purpose of our cash-based annual incentive program is to motivate and reward short-term team and individual performance. The following is the formula used to calculate 2019 annual performance-based cash bonuses:

In conjunction with setting 2019 compensation opportunities, the Compensation Committee reviewed the performance measures used in the annual incentive plan to assess the program’s alignment of the incentive payouts with key performance measures of the Company’s overall business and operating segments for 2019. The measures described below were selected because they were viewed as key indicators of the Company’s success in executing against its business plans.

The Compensation Committee established the team performance measures, targets and weights for the 2019 bonus program at the beginning of the year after receiving

input and recommendations from management and the Compensation Committee’s compensation consultant.

The team performance objectives and targets in 2019 were developed through the Company’s annual financial planning process, which took into account growth strategies, historical performance, and the expected future operating environment of the Company, including the very strong performance of KFC in 2018 which reset the performance baseline to measure 2019 improvement, the continuous revitalization of the Pizza Hut where operating margins were expected to be under pressure, the commodity inflation and wage inflation. The performance targets were designed to be challenging but achievable with

strong management performance. A leverage formula for each team performance measure magnifies the potential impact that performance above or below the performance target will have on the calculation of the annual bonus. This leverage increases the payouts when targets are exceeded and reduces payouts when performance is below target. There is a threshold level of performance for all measures that must be met in order for any bonus to be paid. Additionally, all measures have a cap on the level of performance above which no additional bonus will be paid regardless of performance above the cap.

The team performance targets, actual results, weights and overall performance for each measure for the Company's NEOs are outlined below. The Company's performance metrics were established as growth rate goals, requiring performance better than in 2018 in order to receive a target payout. As such, while the growth rate goals are set below last year's growth rate goals, they would require improvement over last year's actual results.

* Adjusted Operating Profit Growth as a team performance measure is the adjusted operating profit growth, excluding the impact from the adoption of Accounting Standards Update ("ASU") No. 2016-02, Leases (Topic 842) ("ASC 842") and F/X. The impact from the adoption of ASC 842 was excluded to allow adjusted operating profit growth to be calculated on a comparable basis with 2018. We exclude the effects of RMB to USD translations (either positive or negative) because we believe that changes in the foreign exchange rate can cause Operating Profit Growth to appear more or less favorable than business results indicate.

** Same Stores Sales Growth is disclosed in the Annual Report on Form 10-K. Adjusted Same Store Sales Growth as a team performance measure is adjusted for items to reflect how we evaluate same store sales growth for our brands internally. For KFC, this goal reflects same store sales growth from Company-owned restaurants and restaurants operated by the Company's unconsolidated affiliates only (and not franchisee-owned restaurants).

*** The Compensation Committee excluded COFFii & JOY when determining the Company's target and actual results for the System Gross New Builds performance measure because the COFFii & JOY business remains in an initial testing stage, with the Company's annual plans for new builds subject to change due to the competitiveness of the coffee business and the Company's ongoing review of COFFii & JOY's business strategy.

**** System Customer Satisfaction is measured based on feedback obtained from customers through online customer surveys. For the Company, this goal is measured on an aggregate basis for all of the Company's brands, while this goal for KFC is measured only with respect to KFC performance.

EXECUTIVE COMPENSATION

Based entirely on Company performance, each NEO other than Mr. Huang was assigned a Team Performance Factor of 188%. Mr. Huang was assigned a Final Team Performance Factor of 197%, reflecting the weighting of his Team Performance Factor of 25% Company performance and 75% KFC performance.

At the beginning of 2019, the Compensation Committee established the performance goals that would be used to determine the Individual Performance Factor for the CEO and provided input on the performance goals set by the CEO for the other NEOs, which would subsequently be used by the CEO to recommend the Individual Performance Factor for each NEO. As part of the Company's annual performance evaluation process, the CEO, after having received input from the Compensation Committee and after consultation with each NEO, establishes that NEO's performance objectives for the coming year, which are ultimately approved by the Compensation Committee. These performance objectives are not intended to be rigid or formulaic, but rather to serve as the framework upon which the CEO evaluates the NEO's overall performance.

These annual performance goals generally fell within the performance categories of financial, brand development, execution of strategy, and organizational goals. Under each performance goal category, each NEO has a number of underlying pre-established goals against which the NEO's performance is assessed to determine whether the NEO has achieved the overall performance goal. The evaluation of an executive's performance relative to these goals is inherently subjective, involving a high degree of judgment based on the CEO's observations of, and interactions with, the executive throughout the year. As an additional input to the evaluation of an executive's performance, the CEO assesses the overall performance of the Company in light of the dynamics of the China market. As a result, no single performance goal or group of goals is determinative for the CEO's evaluation of the executive's performance.

The above evaluation provides the basis for the CEO's recommendation to the Compensation Committee for the executive's Individual Performance Factor. The Compensation Committee then meets with the CEO and dis-

cusses the CEO's recommendations and meets separately in executive session to discuss the CEO's recommendations and make a determination of the Individual Performance Factor for the NEOs, excluding the CEO.

The Compensation Committee applies similar factors in determining the Individual Performance Factor for the CEO. The Compensation Committee meets in executive session to discuss the CEO's individual performance and then consults with the Chairman of the Board for their collective determination of the CEO's Individual Performance Factor. The evaluation of the CEO's overall performance relative to these factors is also inherently subjective, involving a high degree of judgment. The Compensation Committee and the other independent directors assess the overall performance of the Company in light of the dynamics of the China market in which the Company operates. As a result, no single performance goal or group of goals is determinative for the evaluation of the CEO's performance.

The use of Individual Performance Factors provides the Company with a degree of flexibility (applied reasonably and in moderation by the Compensation Committee) to reward contributions to strategic business initiatives and the building of organizational capabilities supportive of the creation of long-term value.

Based on the foregoing, the Compensation Committee assigned 2019 Individual Performance Factors for the continuing NEOs ranging from 120% to 150%, as described below under "2019 NEO Compensation and Performance Summary."

Long-Term Equity Incentives

The Company provides long-term equity compensation to its executives to encourage decision-making that creates long-term sustainable stockholder value. In determining the size of the annual equity awards, the Compensation Committee considers the following:

- Prior year individual and team performance;
- Expected contributions in future years;

- The market value of the executive's role compared with similar roles in the Company's peer group, based on compensation survey data; and
- Achievement of the Company's stock ownership guidelines.

For 2019, the Compensation Committee granted annual equity awards in the form of 50% SARs and 50% PSUs for Ms. Wat and in the forms of 50% SARs and 50% RSUs for each of our other NEOs (excluding Mr. Yeung, as discussed further below). The SARs vest annually in equal installments of 25%, beginning on the first anniversary of the grant date and generally subject to continued employment through the applicable vesting date. The exercise price of each SAR grant is based on the closing market price of the underlying Company stock on the date of grant. The Compensation Committee considers SAR awards to be performance driven, as the SARs will have value only if the share price appreciates above the Com-

pany's closing stock price on the date of grant. The RSUs vest 100% on the third anniversary of the grant date, based on the NEO's continued employment with the Company through the vesting date. Ms. Wat's PSU program is designed to incentivize Ms. Wat's performance over a multi-year performance period and to further align her interests with the interests of our stockholders through the use of an r-TSR performance goal. Under this PSU program, Ms. Wat's PSUs will be settled in shares of our common stock based on our r-TSR performance relative to 149 companies in the MSCI International China Index, measured over the 2019–2021 performance period, with payout capped at target if the Company's TSR is negative over the three-year performance period. For the 2019-2021 performance period, Ms. Wat will earn a percentage of her target PSU award as set forth in the table below, generally subject to her continued employment through the vesting date, with payout between performance levels determined based on linear interpolation.

		Threshold	Target	Maximum
TSR Percentile Ranking	<30%	30%	55%	85%
Payout as % of Target	0%	35%	100%	200%

As noted above, beginning with the 2020 annual equity grants, the PSU program has been expanded to include each of the continuing NEOs, resulting in 2020 annual equity grants in the form of SARs and PSUs, equally weighted. As a result of this change, the entire portion of the annual equity grant is considered by the Compensation Committee to be performance-based as the PSUs will vest based only on the Company's achievement of performance goals relating to Adjusted Total Revenue Growth and Adjusted Diluted Earnings Per Common Share Growth, with a relative total shareholder return payout modifier, and the SARs will realize value only to the extent the Company's stock price increases from the date of grant.

Other Elements of Executive Compensation Program

As with all Company employees, Company executive officers receive certain employment benefits. We believe the benefits we offer are an important part of retention and capital preservation for all levels of employees. Our bene-

fits are designed to protect against unexpected catastrophic losses of health and earnings potential and provide a means to save and accumulate assets for retirement.

Post-Termination and Change in Control Compensation. As noted above, in September 2019 and based on the recommendations of the Compensation Committee, the Board adopted the Yum China Holdings, Inc. Change in Control Severance Plan (the "**Change in Control Severance Plan**"). The terms of the Change in Control Severance Plan were determined after a review of market data and consideration of input from the Compensation Consultant. The Board determined that adopting the Change in Control Severance Plan was in the best interests of the Company and its stockholders because it serves to retain and incentivize key talent during the period of uncertainty relating to a potential change in control.

The Change in Control Severance Plan provides severance benefits to certain key management employees of the Company and its affiliates who are selected by the Compensation Committee to participate in the Plan,

EXECUTIVE COMPENSATION

including each of the continuing NEOs. Benefits are payable upon a “**Qualifying Termination**,” which is defined as a termination by the Company without cause or by the participant due to good reason, in each case, within 24 months following the consummation of a change in control of the Company. Participation in the Change in Control Severance Plan is conditioned upon the participant’s execution of a participation and restrictive covenant agreement, which contains certain restrictive covenants relating to non-competition, non-solicitation, confidentiality and non-disparagement.

If a participant’s employment terminates in a Qualifying Termination, he or she will receive, in lieu of any severance benefits under any other arrangement with the participant, the following severance benefits:

- An amount equal to the “**Severance Multiple**” multiplied by the sum of (x) such participant’s monthly base salary in effect immediately prior to a Qualifying Termination (or prior to any reduction for purposes of good reason) and (y) 1/12 of the greater of such participant’s annual target cash bonus for the calendar year in which the Qualifying Termination occurs and the most recent annual cash bonus paid to the participant, with such amounts payable over the 12-month period following the participant’s termination of employment. The Severance Multiple is 30 for the CEO and 24 for each of the other participating NEOs.
- Any accrued, but unpaid as of the date of the Qualifying Termination, annual cash bonus for any completed fiscal year preceding a Qualifying Termination, to be paid within 60 days of the Qualifying Termination.
- Accrued benefits under any retirement plan or health or welfare plan.
- If permitted by the terms of the Company’s health plan and applicable law, continued health insurance coverage, subsidized by the Company at active employee rates, through the earlier of the one-year anniversary of the participant’s termination of employment and the participant becoming eligible for health insurance coverage under another employer’s plan.

- Outplacement services, in an aggregate cost to the Company not to exceed \$25,000, for a one-year period (or, if earlier, until the participant accepts an offer of employment).

Ms. Wat is party to a letter agreement with the Company that provides severance upon a termination of her employment without “cause.” Under Ms. Wat’s letter agreement, if Ms. Wat’s employment is terminated by the Company without cause prior to March 1, 2021, then she will be entitled to a severance payment, payable in monthly installments, equal to two times her annual base salary and annual bonus target, subject to her compliance with non-solicitation and non-competition restrictive covenants. These severance terms were determined during the negotiation of her CEO compensation after considering market data and the input of the Compensation Committee’s compensation consultant at the time.

Mr. Yeung is also party to a letter agreement with the Company that provides post-termination compensation upon a termination of his employment without “cause.” Under Mr. Yeung’s letter agreement, if Mr. Yeung’s employment is terminated by the Company without cause, then he will be entitled to a lump sum post-termination compensation payment equal to five times his average monthly base salary during the 12-month period prior to termination. In return for this payment, Mr. Yeung must comply with certain non-competition restrictive covenants for one year following his termination of employment.

As of December 31, 2019, Ms. Wat and Mr. Yeung were the only NEOs with agreements with the Company providing severance or post-termination compensation in the event of a termination of employment that is not in connection with a change in control.

On February 26, 2020, the Committee authorized the entry into Restrictive Covenant Letter Agreements with select employees of the Company, including the NEOs. The Restrictive Covenant Letter Agreements include restrictive covenants relating to non-disclosure, non-competition, non-solicitation and non-disparagement, as well as cooperation in investigations and litigation clauses. As consideration for the restrictive covenants, the Company is obligated to pay an

amount equivalent to five times the employee's average monthly salary upon a termination of employment, other than in the case of a change-in-control-related termination or the employee's death. Such amount is offset by amounts otherwise owed under any other termination-related agreement between the employee and the Company so that there is no duplication of payments.

The award agreements with respect to the Company's outstanding equity awards also provide for accelerated vesting in the event of certain qualifying terminations of employment.

Please see the "Potential Payments upon a Termination or a Change in Control" section below for a quantification of the amounts payable under the Change in Control Severance Plan, Ms. Wat's letter agreement, Mr. Yeung's letter agreement and the Company's equity awards in connection with a termination of employment or change in control.

Retirement Plans. The Company offers certain executives working in China retirement benefits under the Bai Sheng Restaurants China Holdings Limited Retirement Scheme ("**BSRCHLRS**"). Under the BSRCHLRS, executives may make personal contributions, and the Company provides a company-funded contribution ranging from 5% to 10% of a participating executive's base salary. During 2019, all of our NEOs were participants in the BSRCHLRS, and each NEO received a company-funded contribution.

Medical, Dental, and Life Insurance and Disability Coverage. The Company provides benefits such as medical, dental, and life insurance and disability coverage to its executive officers through the same benefit plans that are provided to all eligible China-based employees.

Perquisites. Certain perquisites are provided to certain Company executive officers relating to overseas assignments. These perquisites are governed by the Company's formal mobility policy, are offered on a case-by-case basis and reflect each executive's particular circumstances while also generally reflecting market practices for similarly situated, globally mobile executives working in international companies based in mainland China. For example, the Company may offer perquisites such as housing cost subsidies, dependent education, mobility allowances (applicable only to the CEO and reduced by 50% as of October 2019), home leave payments, and tax preparation services to executives performing services in China. These perquisites are considered to be a necessary component of the Company's executive compensation program in order to attract and retain high-performing executives from different countries who have the skill sets and experience to successfully manage and lead the Company in mainland China.

Prior to our spin-off from YUM, certain of our NEOs were offered tax equalization benefits as an element of their compensation. These tax equalization benefits represent legacy compensation arrangements entered into with our former parent. After the spin-off, the Compensation Committee began to phase out tax equalization benefits for the continuing NEOs (other than certain grandfathered benefits pursuant to the legacy arrangements).

See the 2019 All Other Compensation Table in this CD&A for details regarding the perquisites received by our NEOs during 2019.

2020 Special Long-Term Performance-Based Grants

As part of its ongoing review of the executive compensation program during 2018 and 2019 and with advice from the Compensation Committee’s independent consultant, the Compensation Committee modified the executive compensation program in 2020 to include a special award of PSUs in the form of the Partner PSU Awards to select employees of the Company and its subsidiaries, including the continuing NEOs, who were deemed critical to the Company’s execution of its strategic operating plan. The Compensation Committee determined that these Partner PSU Awards were necessary to:

- *Address Increased Competition and the Existing Pay Gap*—The Company is increasingly competing for executive talent with new food retail platform companies in China as well as other startup companies. The Company, with a proven and successful track record, is prominent in the restaurant and retail industry in China. Competitors in the new retail space, including startups considering United States or overseas listing, are increasingly competing for executive talent with deep knowledge of both the United States and China market practices and regulatory environments. These competitors often offer compensation programs with significant one-time equity grants, which is a common practice in the Chinese executive compensation market. This increased competition and the related new-hire offers of significant one-time equity grants, coupled with an already challenging market for executive talent, has created a pay gap for the Company’s leadership team as compared to the competitive market and has posed significant challenges to the Company’s ability to retain and motivate the Company’s visionary and entrepreneurial leadership team. In 2019, four executive team members left the Company and joined startups or companies with new retail platforms preparing for overseas listing. The Compensation Committee believes that the Partner PSU Awards will help address the existing pay gap, are responsive to the compensation packages

offered by this increased competition, including the practice of granting significant one-time equity grants, and are designed to create an entrepreneurial mindset.

- *Motivate Transformational Performance*—The Compensation Committee determined that the special Partner PSU Awards were particularly important as the Company is at a strategic inflection point as it executes on its vision to become the world’s most innovative pioneer in the restaurant industry. Specifically, the Partner PSU Awards are designed to support the execution of the Company’s multi-year strategic operating plan, focusing on the transformation and reengineering of the Company’s strong casual dining businesses and expanding their monetization capabilities by deepening the connections with customers, suppliers, distributors and business partners via the Company’s end-to-end digital ecosystem. The Company believes that integrating offline restaurants with online presence and its leadership in digital, data and delivery are crucial to building a transformational business model aimed at meeting the evolving needs of its customers. The Partner PSU Awards have been designed to incentivize an entrepreneurial mindset and transformational performance that the Compensation Committee believes will contribute to business growth and exceptional shareholder value creation.
- *Encourage Long-Term Retention*—Over the past several years, the Company has experienced a number of senior leadership changes. The Board is committed to building an organization with continuity in its leadership. In designing the award, the Compensation Committee considered, in particular, the challenges associated with attracting and retaining high-quality leadership over the long-term to manage the complexities of the Company’s business. The Committee sought to structure an award that would incentivize longer-term retention.

The Compensation Committee evaluated a number of alternatives to structure this special incentive in a way to address the pay gap as compared to the competitive market and to serve as a meaningful incentive for retention and the execution of the Company's strategic operating plan. With advice from the Compensation Committee's independent consultant, the Compensation Committee determined that the best way to retain key leaders for at least the next four years was to provide them with a compelling upside compensation opportunity, beyond the Company's regular long-term incentive programs, that would motivate them to achieve the Company's strategic priorities, including growth of the business and continued execution of innovation and strategy. These special grants are intended to provide value to the executive officers only if the Company successfully executes on its strategic operating plan, which the Compensation Committee believes will contribute to a significant increase in stockholder value. Given the unique nature of these grants, the Compensation Committee has committed not to grant similar, special grants of performance units during the performance period, although award recipients will continue to receive equity awards as part of the Company's regular annual program.

Accordingly, in February 2020, the Compensation Committee approved the special long-term Partner PSU Awards to the continuing NEOs. On the grant date, Partner PSU Awards with an aggregate grant date fair value, assuming target performance, were granted to the continuing NEOs as follows: Ms. Wat, \$12,000,000; Mr. Yeung, \$2,000,000; Mr. Huang, \$2,000,000; Mr. Tan, \$1,500,000; and Mr. Yuen, \$1,500,000. Because these grants occurred in 2020, they represent 2020 compensation for SEC disclosure purposes and are not reflected in the 2019 Summary Compensation Table below.

These long-term Partner PSU Awards will vest only if threshold performance goals relating to stock price (weighted 55%), Adjusted Total Revenue Growth (weighted 20%), Adjusted EBITDA Growth (weighted 15%) and transformational objectives (weighted 10%) are achieved over a four-year performance period, com-

encing on January 1, 2020 and ending on December 31, 2023. Target vesting with respect to the stock price trigger will not occur unless the Company's stock price is at least \$80.00 measured as the trailing 60-day average closing price, with threshold vesting and maximum vesting occurring based on average stock prices equal to \$60.00 and \$100.00, respectively. The closing stock price on the date of grant was \$42.71. The other performance goals were designed to be challenging but achievable with strong execution of the Company's strategic operating plan. For context, Adjusted Total Revenue Growth and Adjusted EBITDA Growth are set at a compound annual growth rate (CAGR) over and above the strong performance accomplished in 2019, and are aligned with the Company's long-term growth plan to drive value creation for stockholders. Based on performance, vesting may range from 0% to 200% of the target number of shares subject to the Partner PSU Awards.

In designing the Partner PSU Awards, the Compensation Committee sought to align the interests of the recipients with the Company's stockholders and to incentivize long-term stockholder value creation, resulting in the following features in the Partner PSU Award design:

- *4-Year Performance and Vesting Period*—Even if the performance goals are achieved prior to the expiration of the performance period, the Partner PSU Awards remain subject to service-based vesting through the expiration of the performance period.
- *Challenging Stock Price Targets*—In order to receive target payout for the award, the stock price must almost double from the closing stock price on the date of grant and threshold payout requires a 40% increase in the stock price.
- *Payout Cap to Incentivize Stock Price Performance for Duration of Performance Period*—In order to incentivize stock price performance throughout the entire performance period, payout will be capped at target if the average stock price for the last 60 days of the performance period is below threshold, even if a higher stock price average was attained earlier in the performance period.

EXECUTIVE COMPENSATION

- *Termination Provisions*—The awards will generally vest pro rata based on actual performance through the end of the performance period in the event of termination due to death, retirement, or termination without cause. In the event of a termination of employment by the Company without cause or by the award recipient due to good reason within two years following a change in control of the Company, the award will vest based on the greater of actual performance and target.
- *Compensation Recovery Policy*—The Partner PSU Awards are subject to the Company’s Compensation Recovery Policy, which allows the Company to recover or cancel performance awards, such as the Partner PSU Awards.
- *Restrictive Covenants*—The Partner PSU Awards also include non-competition and non-solicitation restrictive covenants.

How Compensation Decisions Are Made

Executive Compensation Philosophy

A unique feature of the Company is that while it is registered in the U.S. and listed on the NYSE, it operates largely in China. As a result, knowledge and expertise of both U.S. and China regulatory regimes and business practices are required for many of the Company’s executive officers.

The Company’s executive compensation program has been designed to attract and retain the talent necessary to achieve superior stockholder results and support the long-term sustainable growth of the Company while simultaneously holding our executives accountable to continuously achieve results year after year. In addition, the program has been designed to reward performance, emphasize long-term value creation and drive an ownership mentality.

Role of the Compensation Committee

The Compensation Committee reviews and approves goals and objectives relevant to the compensation of the CEO and other executive officers, sets the compensation levels of each of the executive officers, and together with the other independent directors of the Board, approves the compensation of the CEO. The Compensation Committee’s responsibilities under its charter are further described in the “Governance of the Company” section of this Proxy Statement. While not members of the Compensation Committee, the CEO, the CFO, the Chief People Officer, and the Chief Legal Officer, when necessary, also attended meetings of the Compensation Committee in 2019 to contribute to and understand the Compensation Committee’s oversight of, and decisions relating to, executive compensation. The CEO, the CFO, the Chief People

Officer, and the Chief Legal Officer did not attend portions of the meetings relating to their own compensation. The Compensation Committee regularly conducts executive sessions without management present. The Compensation Committee also engages in an ongoing dialog with its compensation consultant, the CEO, and the Chief People Officer for the evaluation and establishment of the elements of our executive compensation program.

Role of the Independent Consultant

During 2019, the Compensation Committee retained Mercer (Hong Kong) Limited (“**Mercer**”) as its independent consultant to advise it on executive compensation matters. Mercer attended Compensation Committee meetings in 2019 and provided advice and guidance to the Compensation Committee on (i) the market competitiveness of executive pay policies, practices and levels; (ii) the review of the long-term incentive plan; (iii) trends affecting executive compensation, including regulatory changes, institutional shareholder views, and developments in the restaurant and food retail sector; (iv) peer group review; (v) equity compensation analytics and award valuation services; (vi) pay disclosures, including the CD&A; (vii) the Change in Control Severance Plan; and (viii) the Partner PSU Awards. The Compensation Committee has assessed the independence of Mercer pursuant to NYSE rules and conflicts of interest specifically enumerated by the SEC’s six factors, and the Company has concluded that Mercer’s work for the Compensation Committee does not raise any conflicts of interest. The Compensation Committee annually reviews its relationship with Mercer and determines whether to renew the engagement. Only the Compensation Committee has the right to approve the services to be provided by, or to terminate the services of, its compensation consultant.

Competitive Market Review

One of the key objectives of our executive compensation program is to retain and reward the right talent by providing reasonable and competitive compensation. One method that the Compensation Committee utilizes to attain this objective is by establishing a group of peer companies for comparison of executive compensation practices.

The peer group approved by the Compensation Committee based on the recommendations of Mercer consisted of companies in the restaurant, food and consumer services industries in the United States, Greater China and Europe. In addition, Mercer suggested that, for purposes of bench-

marking compensation levels for NEOs other than the CEO, the peer group data be supplemented with compensation survey data to provide a broader perspective on market practices. References in this CD&A to market data refer to the peer group or survey data, as appropriate.

The executive compensation peer group used for evaluating 2019 compensation decisions for the NEOs consisted of the companies below, which was the same peer group used to evaluate 2018 compensation decisions beginning September 27, 2018. Our peer group reflects a median market capitalization of \$12.3 billion and median annual revenues of \$8.2 billion, both as of June 30, 2019, and consists of 13 U.S. and 13 non-U.S. companies.

Peer Group	
Aramark Corporation	Starbucks Corporation
Chipotle Mexican Grill, Inc.	Techtronic Industries Company Limited
Compass Group PLC	The Gap, Inc.
Conagra Brands, Inc.	The Hershey Company
Darden Restaurants, Inc.	Tingyi (Cayman Islands) Holding Corp.
Domino’s Pizza, Inc.	US Foods Holding Corp.
Hilton Worldwide Holdings Inc.	Want Want China Holdings Limited
Hyatt Hotels Corporation	WH Group Limited
Lenovo Group Limited	Whitbread PLC
Link Real Estate Investment Trust	Wm Morrison Supermarkets PLC
Melco Resorts & Entertainment Limited	Wynn Macau, Limited
Restaurant Brands International Inc.	X5 Retail Group N.V.
Sodexo S.A.	YUM! Brands, Inc.

Data from our 2019 peer group was supplemented by data from companies included in three executive compensation surveys conducted by Mercer in China, Hong Kong, and the U.S., size adjusted to reflect the Company’s revenue. During 2019, the Compensation Committee reviewed a report summarizing compensation levels at the 25th, 50th and 75th percentiles of the peer group and, as applicable, of the survey data for positions comparable to our NEOs. The report compared target and actual total cash compensation (base salary and annual incentives) and total direct compensation (base salary plus annual incentives plus long-term incentives) for each of the NEOs against these benchmarks. The Compensation

Committee also reviewed detailed tally sheets that captured comprehensive compensation, benefits and stock ownership details.

After considering the advice of Mercer, the Compensation Committee approved a revised peer group for 2020 compensation decisions. The Compensation Committee added Haidilao International Holding Ltd. and McDonald’s Corporation to the revised peer group because these companies operate in the same industry and removed The Gap, Inc. because of its less relevant industry classification.

Compensation Policies and Practices

Compensation Recovery Policy

Pursuant to the Company’s Compensation Recovery Policy, in the event of any restatement of the Company’s financial statements due to material noncompliance with any financial reporting requirement under the securities laws, the Compensation Committee will recover or cancel any performance awards that were awarded to a current or former executive officer as a result of achieving performance targets that would not have been met under the restated results. The Company’s recovery authority applies to any performance award received by a current or former executive officer during the three most-recently completed fiscal years immediately preceding the date on which the Company is required to prepare the restatement. Under the terms of the policy, a performance award means any cash or equity-based award that is made, vests or is payable based wholly or in part on the results of a financial reporting measure.

Equity-Based Awards Grant Policy

The Company’s Equity-Based Awards Grant Policy provides for certain procedures with respect to the granting of equity awards, including specifying pre-determined dates for annual and off-cycle grants and specifying that the Company will not purposely accelerate or delay the public release of material information in consideration of pending equity grants. Generally, annual equity grants are effective as of the date that is two business days after the Company publicly discloses its results for the previous fiscal year.

Stock Ownership Guidelines

Under the Stock Ownership Guidelines, an executive is required to own a minimum value of shares (which may

be met in actual shares and/or immediate rights to shares) in a guideline amount set under the Stock Ownership Guidelines for the executive’s position. An executive must meet 100% of the applicable guideline within five years of becoming subject to the Stock Ownership Guidelines. The table below shows the value of shares (as a multiple of annual base salary) that must be owned by each continuing NEO. Each continuing NEO has satisfied as of the record date, or is expected to satisfy within the timeframe set forth in the Stock Ownership Guidelines, the applicable ownership multiple.

NEO	Multiple of Annual Base Salary
CEO	6X
CFO	3X
General Manager, KFC	2X
Chief Supply Chain Officer	2X
Chief People Officer	2X

Hedging and Pledging of Company Stock

Under the Company’s Code of Conduct, no employee or director is permitted to engage in securities transactions that would allow such employee or director either to insulate himself or herself from, or profit from, a decline in the Company’s stock price. Similarly, no employee or director may enter into hedging transactions in Company stock. Such transactions include, without limitation, short sales as well as any hedging transactions in derivative securities (e.g., puts, calls, swaps or collars) or other speculative transactions related to the Company’s stock. Pledging of Company stock by executive officers and directors is also prohibited.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management.

Based on such review and discussion with management, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2019.

EXECUTIVE COMPENSATION

- (1) The amounts reported in this column for 2019 represent a one-time discretionary payment to Mr. Lo, cash retention awards paid to Mr. Yuen and Ms. Ng, and the guaranteed portion of Ms. Ng's annual incentive award.
- (2) The amounts reported in this column for 2019 represent the grant date fair value of the February RSU awards granted to Messrs. Huang, Tan, Yuen and Lo and Ms. Ng, the February PSU award granted to Ms. Wat, and the November RSU award granted to Mr. Yeung, calculated in accordance with Accounting Standards Codification Topic 718 ("**ASC 718**"), Compensation—Stock Compensation. The grant date fair value for the RSUs was calculated by multiplying the number of RSUs granted by the closing stock price of a share of Company common stock on the date of grant. The per share fair value of the PSU award granted to Ms. Wat was calculated using a Monte-Carlo simulation model. Under ASC 718, the vesting condition related to Ms. Wat's PSUs is considered a market condition and not a performance condition. Accordingly, there is no grant date fair value below or in excess of the amount reflected in the table above for Ms. Wat's PSUs that could be calculated and disclosed based on achievement of the underlying market condition.
- (3) The amounts reported in this column for 2019 represent the grant date fair value of the annual SAR awards granted to each of the NEOs except for Mr. Yeung, calculated in accordance with ASC 718. To compute the grant date fair value of SAR awards, the Company uses the Black-Scholes model with the following assumptions: risk-free interest rate of 2.5%, expected term based on historical experience of 6.5 years, expected volatility of 32.0%, and expected dividend yield of 1.2%. See Note 14 to the Company's Consolidated Financial Statements included in the Annual Report on Form 10-K for the year ended December 31, 2019 (the "**Audited Financial Statements**") for further discussion of the relevant assumptions used in calculating these amounts.
- (4) Amounts in this column reflect the annual incentive awards earned for the applicable fiscal year performance periods under the annual bonus program, which is described further in our CD&A under the heading "Annual Performance-Based Cash Bonuses." For Ms. Ng, the amount reported represents the portion of her annual incentive award in excess of the guaranteed annual bonus of \$89,342, which is reflected in the "Bonus" column of this table.
- (5) The amounts in this column for 2019 are detailed in the 2019 All Other Compensation Table and footnotes to that table, which follow.
- (6) Certain compensation included in the All Other Compensation column was denominated in Chinese Renminbi. Mr. Lo and Ms. Ng's salaries and Messrs. Tan and Yuen's salaries and 2019 annual incentive and bonus awards were denominated in Hong Kong dollars. Compensation paid in Chinese Renminbi or Hong Kong dollars was converted to U.S. dollars using an exchange rate of 6.9211 and 7.8351, respectively, for disclosure purposes.
- (7) The amounts in this column are calculated by subtracting the legacy tax reimbursements reflected in the 2019 All Other Compensation Table below from the "Total" column. As noted in the CD&A, prior to our spin-off from YUM, certain of our NEOs were offered tax equalization benefits as an element of their compensation. These tax equalization benefits represent a legacy compensation arrangement entered into while we were a subsidiary of our former parent. After the spin-off, the Compensation Committee began to phase out tax equalization benefits with respect to the continuing NEOs (other than certain grandfathered benefits pursuant to the legacy arrangements from YUM). We are providing this supplemental Total as we believe it better reflects the compensation decisions made by the Compensation Committee because the compensation received pursuant to the grandfathered tax reimbursements represent legacy contractual agreements entered into prior to the spin-off. The amounts reported in this column differ from, and are not a substitute for, the amounts reported in the "Total" column, as calculated pursuant to the Summary Compensation Table rules.

Such amounts are valued based on the amounts paid directly to the NEOs or the service providers, as applicable.
- (2) Amounts in this column for Messrs. Huang, Tan, Yuen and Lo represent legacy tax reimbursements for gains realized in 2019 on equity awards granted before 2018. For Ms. Wat, the amount consists of legacy tax reimbursements for the following: (i) exercise of Yum! Brands, Inc. SARs (\$763,780); (ii) vesting of Company RSUs granted prior to 2018 (\$358,642); (iii) a portion of Ms. Wat’s 2018 annual cash bonus for the period prior to the elimination of the associated tax reimbursement (\$112,732); and (iv) a portion of Ms. Wat’s mobility premium for the period prior to the elimination of the associated tax reimbursement (\$34,042). The amount in this column for Ms. Ng represents legacy tax reimbursements for salary, cash bonus and gains realized in 2019 on equity awards granted before 2018.
- (3) This column represents contributions to the BSRCHLRS for all of our NEOs.
- (4) This column reports the total amount of other benefits provided. Such amounts, which are reflective of market practice for similarly situated global executives working in international companies based in mainland China, are paid directly to the NEOs or service providers, as applicable. Other than for certain benefits described below, none of the other benefits individually exceeded the greater of \$25,000 or 10% of the total amount of these other benefits and the perquisites and other personal benefits shown in column (b) for the NEO. These other benefits consist of amounts paid for utilities, home leave expenses, transportation allowances, club memberships, repatriation expense reimbursement, executive physicals and mobility premiums. In 2019, Ms. Wat received home leave reimbursement of \$30,994 and a mobility premium of \$42,333, and Mr. Lo received payment of \$35,778 for accrued but unused annual leave upon his departure.

- (1) Amounts in columns (c), (d) and (e) provide the minimum, target and maximum amounts payable as annual incentive compensation to each NEO based on team and individual performance during 2019. Mr. Yeung's minimum, target and maximum amounts are prorated for his period of service to the Company in 2019. The actual amounts of annual incentive compensation awards paid for 2019 performance are shown in the "Non-Equity Incentive Plan Compensation" column of the 2019 Summary Compensation Table. The performance measurements, performance targets and target bonus percentages are described in the CD&A, beginning under the heading "Annual Performance-Based Cash Bonuses."
- (2) Amounts in columns (f), (g) and (h) provide the threshold, target and maximum numbers of shares of common stock that may be received by the grantee upon vesting of PSUs. The PSUs granted to Ms. Wat on February 7, 2019 will be settled in shares of common stock, subject to (i) the attainment of an r-TSR performance goal based on the Company's r-TSR performance relative to a peer group and measured over the 2019–2021 performance period and (ii) Ms. Wat's continued employment through the end of the performance period. Amounts reported in the "Threshold" column represent payout of 35% of the target PSUs awarded and require a 30% r-TSR percentile ranking to be achieved, and amounts reported in the "Maximum" column represent payout of 200% of the target PSUs awarded and require the Company's r-TSR percentile ranking to be 85% or higher.

- (3) RSUs allow the grantee to receive the number of shares of the underlying common stock subject to the award upon vesting. The RSUs granted on February 7, 2019 vest 100% on the third anniversary of the grant date, subject to the recipient's continued employment through the vesting date. The RSUs granted to Mr. Yeung on November 1, 2019 vest in equal installments on the first, second and third anniversaries of the grant date, subject to Mr. Yeung's continued employment through the applicable vesting date. During the vesting period, the RSUs will be adjusted to reflect the accrual of dividend equivalents, which will be distributed as additional Company shares at the same time and to the extent the underlying shares vest.
- (4) SARs allow the grantee to receive the number of shares of the underlying common stock that is equal in value to the appreciation in the underlying common stock with respect to the number of SARs granted from the date of grant to the date of exercise. SARs become exercisable in equal installments on the first, second, third and fourth anniversaries of the grant date, subject to the recipient's continued employment through the applicable vesting date.
- (5) The exercise price of the SARs equals the closing price of the underlying common stock on the grant date.
- (6) The amounts reported in this column for 2019 represent the grant date fair value of the annual SAR awards granted to each of the NEOs other than Mr. Yeung, the RSU awards granted to each of the NEOs other than Ms. Wat, and the PSU award granted to Ms. Wat, calculated in accordance with ASC 718. To compute the grant date fair value of SAR awards, the Company uses the Black-Scholes model with the following assumptions: risk-free interest rate of 2.5%, expected term based on historical experience of 6.5 years, expected volatility of 32.0%, and expected dividend yield of 1.2%. See Note 14 to the Company's Audited Financial Statements for further discussion of the relevant assumptions used in calculating the grant date fair value for the SARs. The grant date fair value of the RSUs was determined based on the closing stock price of a share of Company common stock on the date of grant. The per share fair value of the PSUs granted to Ms. Wat was determined based upon a Monte Carlo simulation model.

Nonqualified Deferred Compensation

The Company offers certain executives working in China retirement benefits under the BSRCHLRS. Under this program, executives may make personal contributions and the Company provides a company-funded contribution ranging from 5% to 10% of an executive's base salary. In 2019, Mr. Tan and Ms. Ng made personal contributions to the BSRCHLRS equal to 5% and 10% of base salary, respectively. The Company's contributions for 2019 were equal to 5% of salary for Messrs. Yeung and Lo and 10% of salary for each of Ms. Wat and Ng and Messrs. Huang, Tan and Yuen. Participants may elect a variety of mutual funds in which to invest their account

balances under the plan. Additionally, upon termination, participants receive a lump sum equal to a percentage of the Company's contributions, including investment returns. This percentage is based on a vesting schedule that provides participants with a vested 30% interest upon completion of a minimum of three years of service, and an additional 10% vested interest for each additional completed year, up to a maximum of 100%. In connection with their departures in 2019, Ms. Ng received a 100% lump sum distribution from the BSRCHLRS, while Mr. Lo received a 30% lump sum distribution from the BSRCHLRS and forfeited the remaining 70%.

Potential Payments upon a Termination or a Change in Control

Termination of Employment without a Change in Control. As of December 31, 2019, except with respect to Ms. Wat and Mr. Yeung, the Company did not have a general severance plan or pre-established severance agreements with its NEOs that provide for separation

benefits upon a termination other than in connection with a change in control. On February 26, 2020, the Committee authorized the entry into Restrictive Covenant Letter Agreements with the NEOs. The Restrictive Covenant Letter Agreements include restrictive covenants relating

EXECUTIVE COMPENSATION

to non-disclosure, non-competition, non-solicitation and non-disparagement, as well as cooperation in investigations and litigation clauses. As consideration for the restrictive covenants, the Company is obligated to pay an amount equivalent to five times the NEO's average monthly salary upon a termination of employment, other than in the case of a change-in-control-related termination or the NEO's death. Such amount is offset by amounts otherwise owed under any other termination-related agreement between the employee and the Company (including the agreements described below for Ms. Wat and Mr. Yeung) so that there is no duplication of payments.

As of December 31, 2019, Ms. Wat was party to an individual agreement with the Company, which provided that if Ms. Wat's employment is terminated by the Company without "cause" prior to March 1, 2021, then Ms. Wat will be entitled to a severance payment (\$5,464,800), payable in monthly installments, equal to two times her annual base salary and annual bonus target, subject to Ms. Wat's execution of a post-termination agreement that includes restrictive covenants relating to non-solicitation, non-competition and non-disclosure. In the event Ms. Wat becomes eligible for benefits under the Change in Control Severance Plan, such benefits would be paid in lieu of any amounts under her letter agreement.

As of December 31, 2019, Mr. Yeung was party to a letter agreement with the Company, which provided that if Mr. Yeung's employment is terminated by the Company without "cause," the Company will pay Mr. Yeung a lump sum payment (\$270,833) equal to five times his average monthly base salary during the 12-month period prior to termination. In return for this payment, Mr. Yeung must comply with certain non-competition restrictive covenants for one year following his termination of employment.

The Company's equity awards provide for pro-rata vesting for terminations due to death, retirement (age 55 and ten years of service or age 65 and five years of service) or involuntary termination by the Company without cause, with PSUs determined based on actual performance. Outstanding equity awards are forfeited upon a termination for cause. If the continuing NEOs' employment had ter-

minated as of December 31, 2019 without cause or due to death, they would have been entitled to pro-rata vesting of their outstanding RSUs, SARs and, in the case of Ms. Wat, PSUs, as follows: Ms. Wat, \$8,655,159; Mr. Yeung, \$64,527; Mr. Huang, \$1,432,254; Mr. Tan, \$811,488; and Mr. Yuen, \$397,498. As of December 31, 2019, Messrs. Huang and Yuen were retirement eligible.

Termination of Employment Following a Change in Control. As noted in the CD&A, during 2019, the Board adopted the Change in Control Severance Plan, which provides severance benefits to our continuing NEOs in the event of a termination of employment by the Company without "cause" or by the NEO due to "good reason," in each case within 24 months following a change in control. Each participating NEO has executed a participation and restrictive covenant agreement to participate in the Change in Control Severance Plan, which contains restrictive covenants in favor of the Company relating to non-competition, non-solicitation, non-disclosure, and non-disparagement. In the event of a Qualifying Termination under the Change in Control Severance Plan, the NEO would receive, in lieu of any severance benefits under any other arrangement with the participant, the following severance benefits:

- An amount equal to the "**Severance Multiple**" multiplied by the sum of (x) such NEO's monthly base salary in effect immediately prior to a Qualifying Termination (or prior to any reduction for purposes of good reason) and (y) 1/12 of the greater of such NEO's annual target cash bonus for the calendar year in which the Qualifying Termination occurs and the most recent annual cash bonus paid to the NEO, with such amounts payable over the 12-month period following the NEO's termination of employment. The Severance Multiple is 30 for the CEO and 24 for each of the other participating NEOs.
- Any accrued, but unpaid as of the date of the Qualifying Termination, annual cash bonus for any completed fiscal year preceding a Qualifying Termination, to be paid within 60 days of the Qualifying Termination.
- Accrued benefits under any retirement plan or health or welfare plan.

- If permitted by the terms of the Company's health plan and applicable law, continued health insurance coverage, subsidized by the Company at active employee rates, through the earlier of the one-year anniversary of the participant's termination of employment and the participant becoming eligible for health insurance coverage under another employer's plan.
- Outplacement services, in an aggregate cost to the Company not to exceed \$25,000, for a one-year period (or, if earlier, until the NEO accepts an offer of employment).

Under the terms of our equity agreements, all outstanding SARs, RSUs and PSUs would fully and immediately vest following a change in control of the Company if the executive is employed on the date of the change in control and is involuntarily terminated (other than for cause) on or within two years following the change in control, with performance measured through the date of termination and subject to proration for time served during the performance period in the case of the PSUs.

The below table shows the maximum amount of payments and other benefits that each NEO would have received upon a change in control and qualifying termination on December 31, 2019 under the terms of the Change in Control Severance Plan and the Company's equity award agreements.

In addition, if a change in control of the Company had occurred as of December 31, 2019, the following NEOs would have been entitled to receive accelerated vesting of their YUM SARs, with the value of such awards as follows: Ms. Wat, \$526,991; Mr. Huang, \$175,681; Mr. Tan, \$175,681; and Mr. Yuen, \$58,884.

Arrangements with Mr. Lo and Ms. Ng

As noted above, we may from time-to-time offer a severance benefit arrangement for a terminated executive as part of a negotiated termination of employment. In connection with their departures, the Company entered into a separation agreement with Mr. Lo (the "**Lo Termination Agreement**") and a separation agreement with Ms. Ng (the "**Ng Term Agreement**").

Under the Lo Termination Agreement, the Company agreed to pay Mr. Lo his prorated 2019 annual cash bonus (\$742,068), which became payable at the same time that the 2019 annual cash bonuses were paid to the other NEOs, a one-time discretionary payment (\$333,499), payment for accrued but unused annual leave (\$35,778),

and reimbursement for up to \$5,000 of repatriation expenses. Mr. Lo had 90 days from the date of his departure to exercise his vested SARs, and all of his unvested equity awards were forfeited upon his departure. The Lo Termination Agreement provides for restrictive covenants in favor of the Company relating to non-competition, non-solicitation, non-disparagement, and non-disclosure.

Under the Ng Term Agreement, Ms. Ng agreed to serve as Senior Consultant to the Company from May 1, 2019 to November 30, 2019. In consideration for her services in such capacity, Ms. Ng was paid monthly compensation of HK\$100,000 (US\$12,763, based on the exchange rate of 7.8351 HK\$ to US\$) and a monthly transportation allowance of RMB 10,000 (US\$1,445, based on the exchange rate of 6.9211 RMB to US\$), continued to participate in certain Company employee benefit plans, received continued vesting of her outstanding equity awards through November 30, 2019, and (subject to continued compliance with the terms of the Ng Term Agreement) received a one-time cash bonus for the period of January 1, 2019 through April 30, 2019 in an amount equal to

HK\$700,000, or US\$89,342, based on the exchange rate of 7.8351 HK\$ to US\$, paid in December 2019, plus the positive difference between such amount and the actual prorated bonus earned under the annual incentive plan, if any (\$83,438, paid at the time that the annual incentives were paid to the other NEOs). Pursuant to certain grandfathered arrangements, Ms. Ng’s monthly compensation and transportation allowance as Senior Consultant,

one-time bonus, gains realized from the exercise of SARs granted prior to 2018, and income realized upon the vesting of RSUs granted prior to 2018 were all subject to tax equalization (totaling \$2,264,369). The Ng Term Agreement provides for restrictive covenants in favor of the Company relating to non-competition, non-solicitation, non-disparagement and non-disclosure.

PAY RATIO DISCLOSURE

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Company is providing the following disclosure about the relationship of the annual total compensation of our employees to the annual total compensation of Ms. Wat.

Identification of Median Pay Employee

The Company employed approximately 450,000 persons as of year-end 2019, and substantially all of them are based in China. Given the nature of its operations, approximately 90% of the Company’s employees were restaurant crewmembers. More than 76% of the crewmembers worked part-time, approximately 49% of whom attended university at the same time, and were paid on an hourly basis. Our wage rates for crewmembers are determined based on a number of factors, including but not limited to cost of living, labor supply and demand, and competitive market pay rates in the city in which the crewmember works.

We selected December 31, 2019, as the date on which to determine our median employee. For purposes of identifying the median employee from the employee population base (excluding Ms. Wat), we considered the total compensation of all of our employees, as compiled from our payroll records. In addition, we measured compensation for purposes of determining the median employee using December 2019 payroll records. Compensation paid in foreign currencies was converted to U.S. dollars based on a weighted average exchange rate for the relevant period.

Using this methodology, our median employee was identified as a part-time crewmember attending university and located in a second-tier city in China.

Ratio

For 2019,

- The annual total compensation of the median employee, as identified above, was \$4,161.
- Ms. Wat’s annual total compensation, as reported in the Total column of the 2019 Summary Compensation Table, was \$ 12,170,001.
- Based on this information, the ratio of the annual total compensation of Ms. Wat to the median of the annual total compensation of all employees is approximately 2,925 to 1.

Our pay ratio is significantly impacted by the fact that substantially all of our employees are based in China, approximately 76% of our over 410,000 crewmembers are employed on a part-time and hourly basis, and typical wages vary between the cities in which our restaurants are located.

The above ratio and annual total compensation amount of the median employee are reasonable estimates that have been calculated using methodologies and assumptions permitted by SEC rules. The ratio and annual total compensation amount may not be directly comparable to those of other companies because the methodologies and assumptions used to identify the median employee may vary significantly among companies.

2019 DIRECTOR COMPENSATION

The Company primarily uses stock-based compensation to attract and retain qualified candidates to serve on the Board. In setting director compensation, the Board considers the significant amount of time that directors expend in fulfilling their duties to the Company as well as the skill level required by the Company of members of the Board. The Nominating and Governance Committee of the Board considers advice from the compensation consultant and reviews and makes recommendations to the Board with respect to the compensation and benefits of directors on an annual basis. The Company's director compensation structure for 2019 is discussed below.

Non-Employee Directors Retainer. Our non-employee directors were each compensated with an annual retainer equal to \$275,000, payable in Company common stock or, if requested by a director, up to one-half in cash. The annual retainers were paid in June 2019 to compensate the directors for their services from June 1, 2019 to May 31, 2020.

Chairman and Committee Chairperson Retainer. In addition to the annual retainer paid to all non-employee directors, the Chairman of the Board (Dr. Hu) received an additional annual cash retainer of \$225,000. The Chairperson of the Audit Committee (Mr. Campbell) received an additional \$30,000 stock retainer, the Chairperson of the Compensation Committee (Ms. Lu) received an additional \$20,000 stock retainer, the Chairperson of the Nominating and Governance Committee (Dr. Hu) received an additional \$15,000 stock retainer, and the Chairperson of the Food Safety Committee (Mr. Shao) received an additional \$15,000 stock retainer. All such retainers were paid in June 2019 to compensate the directors for their services from June 1, 2019 to May 31, 2020.

Employee Directors. Employee directors do not receive additional compensation for serving on the Board of Directors.

The table below summarizes cash compensation earned by and stock retainers granted to each non-employee director during 2019.

- (1) Represents the portion of the annual retainer that the director elected to receive in cash rather than equity with respect to Messrs. Bassi, Chan and Hsieh, cash fees received in lieu of fractional shares by Messrs. Campbell, Ettegui, Han, Shao and Wang and Ms. Lu, and the annual cash retainer paid to Dr. Hu as Chairman of the Board.

2019 DIRECTOR COMPENSATION

- (2) Represents the grant date fair value for annual stock retainer awards granted in 2019. Each director received shares of Company common stock determined by dividing the applicable annual retainer by the closing market price of a share of Company common stock on the date of grant, with any fractional shares paid in cash rather than equity.
- (3) Mr. Han was first elected to the Board at the 2019 Annual Meeting of Stockholders.
- (4) In accordance with the Board's retirement policy, Mr. Linen did not stand for reelection at the 2019 Annual Meeting of Stockholders. While Mr. Linen served as a director during 2019, he did not receive any compensation in 2019 with respect to such service, as his 2018 equity grant that was reported in the 2018 Director Compensation Table represented compensation for his service until May 2019.

Stock Ownership Requirements. Although our directors are not subject to the Stock Ownership Guidelines, we nevertheless expect our directors to own a meaningful number of shares of Company common stock, and we have a share retention policy in place for directors. Pursu-

ant to the share retention policy, no director may sell any shares received as director compensation until at least 12 months following the director's retirement or departure from the Board.

EQUITY COMPENSATION PLAN INFORMATION

The following table summarizes, as of December 31, 2019, the equity compensation we may issue to our directors, officers, employees and other persons under the Company's Long Term Incentive Plan (the "**LTIP**"), which was approved by YUM as the Company's sole stockholder prior to the Company's spin-off from YUM.

Equity compensation plans not approved by security holders	—	—	—
TOTAL	15,361,706	24.22	16,111,651

- (1) Includes 989,058 shares issuable in respect of restricted stock units and performance share units.
- (2) Restricted stock units and performance share units do not have an exercise price. Accordingly, this amount represents the weighted-average exercise price of outstanding stock appreciation rights and stock options.
- (3) After the spin-off, full value awards granted to the Company's employees under the LTIP, including restricted stock units and performance share units, will reduce the number of shares available for issuance by two shares. Stock appreciation rights granted to the Company's employees under the LTIP will reduce the number of shares available for issuance only by one share.

AUDIT COMMITTEE REPORT

Who serves on the Audit Committee of the Board of Directors?

The members of the Audit Committee are Christian L. Campbell (Chair), Peter A. Bassi, Ed Yiu-Cheong Chan, Cyril Han and Louis T. Hsieh, each of whom are independent within the meaning of applicable SEC reg-

ulations and the listing standards of the NYSE. For additional information about the members of the Audit Committee, see “Governance of the Company—What are the Committees of the Board?”

What document governs the activities of the Audit Committee?

The Audit Committee operates under a written charter adopted by the Board of Directors. The Audit Committee’s responsibilities are set forth in the charter. The Audit Committee annually reviews and reassesses the adequacy

of its charter and recommends any proposed changes to the Board for approval. The charter is available on our website at ir.yumchina.com.

What are the responsibilities of the Audit Committee?

The Audit Committee assists the Board in fulfilling its responsibilities for general oversight of the integrity of the Company’s financial statements, the adequacy of the Company’s system of internal controls and procedures and disclosure controls and procedures, the Company’s risk management, the Company’s compliance with legal and regulatory requirements, the independent auditor’s qualifications and independence and the performance of the Company’s internal audit function and independent auditor. The Audit Committee has the authority to obtain advice and assistance from independent legal, accounting or other advisors as the Audit Committee deems necessary or appropriate to carry out its duties and receive appropriate funding, as determined by the Audit Committee, from the Company for such advice and assistance.

The Audit Committee has sole authority to appoint, determine funding for or replace the independent auditor and manages the Company’s relationship with its independent auditor, which reports directly to the Audit Committee. Each year, the Audit Committee evaluates the perfor-

mance, qualifications and independence of the independent auditor. In doing so, the Audit Committee considers whether the independent auditor’s quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the auditor’s independence, taking into account the opinions of management and internal auditor.

The members of the Audit Committee meet periodically in separate executive sessions with management (including the Company’s Chief Financial Officer and Principal Accounting Officer), the internal auditors and the independent auditor, and have such other direct and independent interaction with such persons from time to time as the members of the Audit Committee deem appropriate. The Audit Committee may request any officer or employee of the Company or the Company’s outside counsel or independent auditor to attend a meeting of the Audit Committee or to meet with any members of, or consultants to, the Audit Committee.

What matters have members of the Audit Committee discussed with management and the independent auditor?

As part of its oversight of the Company's financial statements, the Audit Committee reviews and discusses with both management and the Company's independent auditor all annual and quarterly financial statements prior to their issuance. During 2019, management advised the Audit Committee that each set of financial statements reviewed had been prepared in accordance with accounting principles generally accepted in the U.S. and reviewed significant accounting and disclosure issues with the Audit Committee. These reviews included discussions with the independent auditor of matters required to be discussed pursuant to applicable requirements of the PCAOB and the SEC, including the quality (not merely the acceptability) of the Company's accounting principles, the reasonableness of significant judgments, the clarity of disclosures in the financial statements, disclosures related to critical accounting practices, and critical audit matters during the course of the audit. The Audit Committee has also discussed with KPMG matters relating to its independence, including a review of audit and non-audit fees and the written disclosures and letter received from KPMG required by applicable require-

ments of the PCAOB regarding KPMG's communications with the Audit Committee concerning independence. The Audit Committee also considered whether non-audit services provided by the independent auditor are compatible with the independent auditor's independence. The Audit Committee also received regular updates, and written summaries as required by the PCAOB rules (for tax and other services), on the amount of fees and scope of audit, audit-related, tax and other services provided.

In addition, the Audit Committee reviewed key initiatives and programs aimed at strengthening the effectiveness of the Company's internal and disclosure control structure. As part of this process, the Audit Committee monitored the scope and adequacy of the Company's internal auditing program, reviewing staffing levels and steps taken to implement recommended improvements in internal procedures and controls. The Audit Committee also reviewed and discussed legal and compliance matters with management, and, as necessary or advisable, the Company's independent auditor.

Has the Audit Committee made a recommendation regarding the audited financial statements for fiscal 2019?

Based on the Audit Committee's discussions with management and the independent auditor and the Audit Committee's review of the representations of management and the report of the independent auditor to the Board of Directors, and subject to the limitations on the Audit Committee's role and responsibilities referred to above

and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that it include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2019 for filing with the SEC.

ADDITIONAL INFORMATION

Who pays the expenses incurred in connection with the solicitation of proxies?

Expenses in connection with the solicitation of proxies will be paid by us. Proxies are being solicited principally by mail, by telephone and through the Internet. We have retained Georgeson Inc. to act as a proxy solicitor for a fee estimated to be \$9,500, plus reimbursement of out-of-pocket expenses. In addition, our directors, officers

and regular employees, without additional compensation, may solicit proxies personally, by e-mail, telephone, fax or special letter. We will reimburse brokerage firms and others for their expenses in forwarding proxy materials to the beneficial owners of shares of Company common stock.

How may I elect to receive stockholder materials electronically and discontinue my receipt of paper copies?

Stockholders with shares registered directly in their name who received stockholder materials in the mail may elect to receive future annual reports and proxy statements from us and to vote their shares through the Internet instead of receiving copies through the mail. We are offering this service to provide stockholders with added convenience, to reduce our environmental impact and to reduce annual report printing and mailing costs.

To elect this option, go to www.amstock.com, click on Stockholder Account Access, log in and locate the option to receive Company mailings via e-mail. Stockholders who elect this option will be notified by mail how to access the proxy materials and how to vote their shares on the Internet or by phone.

If you consent to receive future proxy materials electronically, your consent will remain in effect unless it is withdrawn by writing our transfer agent, American Stock Transfer and Trust Company, LLC, 6201 15th Avenue, Brooklyn, NY 11219 or by logging onto our transfer agent's website at www.amstock.com and following the applicable instructions. Also, while this consent is in effect, if you decide you would like to receive a paper copy of the proxy materials, you may call, write or e-mail American Stock Transfer and Trust Company, LLC or Yum China Holdings, Inc., 7100 Corporate Drive, Plano, Texas 75024, or Yum China Holdings, Inc., Yum China Building, 20 Tian Yao Qiao Road, Shanghai 200030, People's Republic of China, Attention: Corporate Secretary.

I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

The Company has adopted a procedure called "householding," which has been approved by the SEC. The Company and some brokers household proxy materials, delivering a single Notice and, if applicable, this

proxy statement and the annual report, to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders or they participate in electronic delivery of proxy materials.

ADDITIONAL INFORMATION

Stockholders who participate in householding will continue to access and receive separate proxy cards. This process will help reduce our printing and postage fees, as well as save natural resources. If at any time you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive

only one, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to Yum China Holdings, Inc., 7100 Corporate Drive, Plano, Texas 75024, or to Yum China Holdings, Inc., Yum China Building, 20 Tian Yao Qiao Road, Shanghai 200030 People's Republic of China, Attention: Investor Relations.

May I propose actions for consideration at next year's annual meeting of the Company's stockholders or nominate individuals to serve as directors?

Under the rules of the SEC, if a stockholder wants us to include a proposal in our proxy statement and proxy card for presentation at the 2021 annual meeting of the Company's stockholders, the proposal must be received by our Corporate Secretary at our principal executive offices, Yum China Holdings, Inc., 7100 Corporate Drive, Plano, Texas 75024, or Yum China Holdings, Inc., Yum China Building, 20 Tian Yao Qiao Road, Shanghai 200030, People's Republic of China, by November 27, 2020. We strongly encourage any stockholder interested in submitting a proposal to contact our Chief Legal Officer in advance of this deadline to discuss the proposal. Stockholders may want to consult knowledgeable counsel with regard to the detailed requirements of applicable securities laws. Submitting a proposal does not guarantee that we will include it in our proxy statement.

In addition, our amended and restated bylaws include provisions permitting, subject to certain terms and conditions, stockholders owning at least 3% of the outstanding shares of Company common stock for at least three consecutive years to use our annual meeting proxy statement to nominate a number of director candidates not to exceed 20% of the number of directors in office, subject to reduction in certain circumstances ("**Proxy Access**"). Pursuant to our Proxy Access bylaw, stockholder nomination of directors to be included in our proxy statement and proxy card for the 2021 annual meeting of the Company's stockholders must be received by our Corporate Secretary no earlier than October 28, 2020 and no later than November 27, 2020. Stockholders must also satisfy the other requirements specified in our amended and restated

bylaws. You may contact the Company's Corporate Secretary at the addresses mentioned above for a copy of the relevant bylaw provisions regarding the requirements for nominating director candidates pursuant to Proxy Access.

Under our amended and restated bylaws, stockholders may also nominate persons for election as directors at an annual meeting or introduce an item of business that is not included in our proxy statement. These procedures provide that nominations for director nominees and/or an item of business to be introduced at an annual meeting must be submitted in writing to our Corporate Secretary at our principal executive offices, and the stockholder submitting any such nomination or item of business must include information set forth in our amended and restated bylaws. For the 2021 annual meeting of the Company's stockholders, we must receive the notice of your intention to introduce a nomination or to propose an item of business no earlier than January 8, 2021 and no later than February 7, 2021, unless we hold the 2021 annual meeting before April 8, 2021 or after June 7, 2021, in which case notice must be received no later than 10 days after notice of the date of the annual meeting is mailed or public disclosure of the date of the annual meeting is made, whichever first occurs. Stockholders must also satisfy the other requirements specified in our amended and restated bylaws. You may contact the Company's Corporate Secretary at the addresses mentioned above for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

Is any other business expected to be conducted at the Annual Meeting?

The Board is not aware of any matters that are expected to come before the Annual Meeting other than those referred to in this proxy statement. If any other matter should come before the Annual Meeting, the individuals named on the form of proxy intend to vote the proxies in accordance with their best judgment.

The chairman of the Annual Meeting may refuse to allow the transaction of any business, or to acknowledge the nomination of any person, not made in compliance with the foregoing procedures.
